#### INDEPENDENT AUDITOR'S REPORT

To the Board of Trustees of Neighborhood Club

### **Report on the Financial Statements**

We have audited the accompanying financial statements of Neighborhood Club (the "Club", a nonprofit organization), which comprise the statements of financial position as of August 31, 2019 and 2018, and the related statements of activities, functional expenses and cash flows for the years then ended, and the related notes to the financial statements.

### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### **Auditor's Responsibility**

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Neighborhood Club as of August 31, 2019 and 2018, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

### **Report on Supplementary Information**

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplementary information on page 24 is presented for the purpose of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

#### **NOTE 1 – SUMMARY OF ACCOUNTING POLICIES**

The following is a summary of certain accounting policies followed in the preparation of these financial statements. The policies conform to accounting principles generally accepted in the United States of America and have been consistently applied in the preparation of the financial statements.

### Organization

The Neighborhood Club (the "Club") was incorporated in 1912 as a nonprofit corporation to provide education, recreation, and community service activities for the residents of Grosse Pointe, Michigan and the surrounding areas. The Club is qualified under section 501(c)(3) of the internal revenue code.

#### **Basis of Presentation**

The Club follows accounting standards set by the Financial Accounting Standards Board (FASB). The FASB sets generally accepted accounting principles (GAAP) that the Club follows to ensure they consistently report their financial condition, results of operations and cash flows. References to GAAP issued by the FASB in the following footnotes are the FASB Accounting Standards Codification (ASC).

As of August 31, 2019, the Club adopted Accounting Standards Update 2016-14, Not-for-Profit Entities – Presentation of Financial Statements of Not-for-Profit Entities. This update addresses the complexity and understandability of net asset classification, deficiencies in information about liquidity and availability of resources, and the lack of consistency in the type of information provided about expenses and investment return. The update was adopted on a retrospective basis.

#### Classification of Net Assets

In accordance with Accounting Standards Update 2016-14, net assets, revenues, gains, and losses are classified based on the existence or absence of donor or grantor-imposed restrictions. Accordingly, net assets of the Club and changes therein are classified as follows:

**Net assets without donor restrictions:** Net assets that are not subject to donor-imposed restrictions and may be expended for any purpose in performing the primary objectives of the Club. These net assets may be used at the discretion of the Club management and the board of directors.

**Net assets with donor restrictions:** Net assets subject to stipulations imposed by donors and grantors. Some donor restrictions are temporary in nature; those restrictions will be met by actions of the Club or by the passage of time. Other donor restrictions are perpetual in nature, whereby the donor has stipulated the funds be maintained in perpetuity.

### NOTE 1 – SUMMARY OF ACCOUNTING POLICIES (Continued)

### **Use of Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

### **Cash and Cash Equivalents**

For purposes of the Statements of Cash Flows, the Club considers all highly liquid investments purchased with an original maturity of three months or less to be cash equivalents. Cash and cash equivalents as reported in the Statements of Cash Flows excludes restricted cash, as well as any temporary cash balances maintained in the Club's investment accounts.

#### **Concentration of Credit Risk**

The Club maintains cash in bank deposit accounts, which at times, may exceed federally insured limits. The Club has not experienced any losses in such accounts. The Club believes it is not exposed to any significant credit risk on its cash or cash equivalents. Management has deemed this as a normal business risk.

#### **Restricted Cash**

The Club maintains a separate bank account that was used to pay costs of its new facility, bond issuance costs, capitalized interest, and initial and quarterly letter of credit fees with respect to the bonds. The balance of this account was \$195 at both years ended August 31, 2019 and 2018.

#### Unconditional Promises to Give and Allowance for Doubtful Promises

The Club's pledges receivable are comprised of amounts committed from individuals for use in its capital projects. The receivable is recorded at the present value of estimated future cash flows. Management reviews all pledges receivable as of year end and establishes an allowance for doubtful pledges. The allowance for doubtful pledges was \$3,488 and \$12,479 for the years ended August 31, 2019 and 2018, respectively.

### NOTE 1 – SUMMARY OF ACCOUNTING POLICIES (Continued)

### Inventory

Accounting principles generally accepted in the United States of America require the Club to record contributed goods as revenue when received and expenses when sold or donated, with any donated goods remaining at year end recorded on the statement of financial position as inventory. Total revenues and expenses related to donated goods for the years ended August 31, 2019 and 2018 amount to \$267,462 and \$239,402, respectively. The Club has not recorded donated goods still held at year end as inventory on the accompanying statements of financial position, the effect of which is immaterial to the financial statements as a whole.

#### **Investments**

The Club's investments are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (see Note 6). Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Purchases and sales are recorded on a trade date basis. Investment securities received by gift are recorded at fair value on the date of donation. Investment return is presented net of investment fees.

### **Property and Equipment and Depreciation and Amortization**

Property and equipment are stated at cost. Donated assets are recorded at fair value on the date of the donation. Depreciation and amortization are computed using the straight-line method over the estimated useful lives of the assets, which range from five to forty years. Maintenance and repairs which do not enhance the value or prolong the useful life of assets are expensed when incurred. The Club capitalizes assets with cost in excess of \$5,000. Management annually reviews these assets to determine whether carrying values have been impaired.

#### **Bond Issuance Costs**

The Club presents debt issuance costs related to a recognized debt liability in the statements of financial position as a direct deduction from the carrying amount of that debt liability. See Note 8.

#### **Deferred Revenue**

Revenue from program fees is recognized ratably over the period of the program. Fees received in advance, if any, are recorded as deferred revenue and subsequently recognized as revenue over the program period. Program fees are nonrefundable after the second class or first game.

### NOTE 1 – SUMMARY OF ACCOUNTING POLICIES (Continued)

### **Deferred Revenue** (Continued)

The Club generally receives a one-time enrollment fee at the time a member joins and annual membership dues for usage from its members. Enrollment fees and annual membership dues are recognized on a straight-line basis over the life of the membership. These memberships automatically renew each year, unless cancelled by a member. The Club also offers month-to-month and daily memberships with no long-term contracts.

### **Membership and Program Service Fees**

Membership and program service fee revenues are recorded when services have occurred and collectability is probable.

#### Contributions

Contributions, including unconditional promises to give in the future, are measured at fair value and reported as revenue when pledged. Donor promises to give in the future are recorded at the present value of estimated future cash flows. Contributions with donor-imposed time or purpose restrictions are reported as restricted support. All other contributions are reported as unrestricted support. When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the statement of activities as net assets released from restrictions. Donor restricted contributions whose restrictions are met in the same reporting period are reported as net assets without donor restriction.

#### **Income Taxes**

The Club operates as a not-for-profit corporation under Section 501(c)(3) of the Internal Revenue Code and is exempt from income taxes.

ASC guidance regarding accounting for uncertainty in income taxes clarifies the accounting for income taxes by prescribing the minimum recognition threshold income tax position is required to meet before being recognized in the financial statements and applies to all income tax positions. Each income tax position is assessed using a two-step process. A determination is first made as to whether it is more likely than not that the income tax position will be sustained, based upon technical merits, upon examination by the taxing authorities. If the income tax position is expected to meet the more likely than not criteria, the benefit recorded in the financial statements equals the largest amount that is greater than 50% likely to be realized upon its ultimate settlement. At August 31, 2019 and 2018, there were no uncertain tax positions that required accrual.

The Club believes that it has been operating within its tax-exempt status and has no unrelated business income.

### **NOTE 1 – SUMMARY OF ACCOUNTING POLICIES** (Continued)

### Allocation of Expenses

In the Statements of Activities, salaries and related expenses have been classified as program services, general and administrative, and fundraising on the basis of estimated time devoted to these activities. Other expenses have been allocated on various bases as determined by management. Although the methods of allocation used are considered appropriate, other methods could be used that would produce different results.

### Subsequent Event

The Club has performed a review of events subsequent to the statement of financial position through December 19, 2019, the date the financials were available to be issued.

### NOTE 2 - LIQUIDITY AND AVAILABILITY OF FINANCIAL ASSETS

The following reflects the Club's financial assets as of August 31, 2019. All amounts are available for general use within one year.

| Financial assets  |                     |   |
|---|---------------------|---|
| Cash and cash equivalents   | \$ 588,657          | 7 |

#### **NOTE 6 – FAIR VALUE MEASUREMENT**

ASC topic *Fair Value Measurements*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy under ASC topic *Fair Value Measurements* are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Club has the abilities to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets:
- inputs other than quoted prices that are observable for the asset or liability;

### Note 6 – FAIR VALUE MEASUREMENT (Continued)

 inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specific (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Cash and short-term investments: Valued at the net asset value (NAV) of the shares held by the Club at year-end. Holdings of the funds typically include cash, bank notes, corporate notes, government bills and various short-term debt instruments.

Fixed income securities, commodities, real estate and equity securities: Valued at the closing price reported on the national active market on which the individual securities are traded.

Interest rate swap agreement. Based on the present value of the expected future cash flows from the agreement. Inputs to the valuation include LIBOR-forward interest rate curves and a discount commensurate with current market rates.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Club believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

### **NOTE 7 – ENDOWMENT FUNDS**

The Club has an endowment that consists of two individual funds established for the purpose of further supporting the mission of the Club. The endowments are donor-restricted endowment funds. As required by GAAP, net assets associated with endowment funds are classified and reported based on the existence or absence of donor-imposed restrictions.

### **NOTE 7 – ENDOWMENT FUNDS** (Continued)

### **Interpretation of Relevant Law**

The Club has interpreted the Uniform Prudent Management of Institutional Funds Act (UPMIFA) as requiring the preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds absent explicit donor stipulations to the contrary. In accordance with generally accepted accounting principles and this interpretation, the Club classifies as net assets with donor restrictions (a) the original value of gifts donated to the permanent endowment, (b) the original value of subsequent gifts to the permanent endowment, and (c) accumulations to the permanent endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund. The remaining portion of the donor-restricted endowment fund is classified as unrestricted unless otherwise specified by the donor. The Club considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds:

- (1) The duration and preservation of the fund
- (2) The purposes of the Club and the donor-restricted endowment fund
- (3) General economic conditions
- (4) The possible effect of inflation and deflation
- (5) The expected total return from income and the appreciation of investments
- (6) Other resources of the Club
- (7) The investment policies

#### **Return Objectives and Risk Parameters**

The Neighborhood Club has adopted investment and spending policies for endowment assets that attempt to provide a predictable stream of funding to programs of the Club while seeking to maintain the purchasing power of the endowment assets. Endowment assets include those assets of donor-restricted funds that the Club must hold in perpetuity or for a donor-specified period as well as board-designated funds. Under this policy, as approved by the Board of Trustees the endowment assets are invested in a manner to maximize return within prudent levels of risk, and to obtain a positive total return while minimizing the potential of a significant loss.

### Strategies Employed for Achieving Objectives

To satisfy its long-term rate-of-return objectives, the Club relies on a total return strategy where investment returns are achieved through both capital appreciation (realized and unrealized) and current yield (interest and dividends). The Club utilizes a strategic asset allocation approach with an equal emphasis on Equity and Fixed Income Investments.

### **NOTE 7 – ENDOWMENT FUNDS** (Continued)

### Spending Policy and How the Investment Objectives Relate to Spending Policy

The Neighborhood Club has an established policy for budgeting endowment income. The Board has developed a formula for determining investment income to be used for operations (program services). In establishing this policy, the Club considered the long-term expected return on its endowment. Accordingly, the Club allows for a 4% annual distribution based on a three-year rolling average. The three-year average is intended to meet the objectives of the spending policies while maintaining the purchasing power of the investments.

#### **NOTE 8 – BONDS PAYABLE**

On December 2, 2013, the Club entered into a bond purchase and continuing covenant agreement (the "Agreement") with Huntington Public Capital Corporation (the "Bank") under which the Club issued new bonds that were purchased by the Bank. Proceeds from sale of the bonds were used to replace the Club's original bond issue that had been used to finance construction of the Club's new facility. The original bond issue was secured by a letter of credit, which was released concurrent with the bond refinancing. The Agreement includes an initial purchase term of seven years with an option to extend the Agreement, if elected by the Bank. If not extended, the Bank may exercise its right to tender the remaining bond balance to the Club. Principal payments on the bonds are due in varying annual installments through December 2038, unless tendered earlier as described above. Interest is payable monthly based on LIBOR plus an applicable spread.

The Agreement is collateralized by substantially all of the Club's assets and contains various restrictive covenants, such as maintaining a debt service coverage ratio and submission of quarterly and annual financial statements within specified time frames. As of August 31, 2019, the Club was in compliance with these covenants.

Bonds payable at August 31, 2019 consist of the following:

| Bonds payable to the Bank | \$ 2,963,280 |
|---------------------------|--------------|
| Bond issuance costs, net  | (67,211)     |
| Total bands navable       | Ф 0.000.000  |
| Total bonds payable       | \$ 2,896,069 |

### **NOTE 8 – BONDS PAYABLE** (Continued)

Bonds payable at August 31, 2018 consist of the following:

| Bonds payable to the Bank | \$ 3,683,280 |
|---------------------------|--------------|
| Bond issuance costs, net  | (70,704)     |
| Total bonds payable       | \$ 3,612,576 |

The Club incurred bond issuance costs of \$87,292 in connection with issuing the bonds payable with the Bank. These costs have been capitalized as a discount to the bonds payable and are being amortized over the life of the bonds. Accumulated amortization at August 31, 2019 and 2018 was \$20,081 and \$16,588, respectively.

Future minimum principal maturities of the bonds for the five years subsequent to August 31, 2019, are scheduled as follows:

| Year ending August 31,     |    | Amount    |  |  |
|----------------------------|----|-----------|--|--|
| 2020                       | \$ | 120,000   |  |  |
| 2021                       |    | 120,000   |  |  |
| 2022                       |    | 120,000   |  |  |
| 2023                       |    | 120,000   |  |  |
| 2024                       |    | 165,000   |  |  |
| Thereafter                 |    | 2,318,280 |  |  |
| Total future bond payments | \$ | 2,963,280 |  |  |

Total principal payments were \$720,000 and \$120,000 for the years ended August 31, 2019 and 2018, respectively.

In conjunction with the new bond purchase and continuing covenant agreement as stated above, the Club entered into an interest rate swap contract with Huntington National Bank that effectively fixed the rate paid on the bonds payable at 3.58% until December 1, 2020 (See Note 8). Effective September 1, 2018 the fixed rate on the swap agreement was increased to 4.27% as a result of corporate tax rate changes.

### **NOTE 9 – DERIVATIVE FINANCIAL INSTRUMENTS**

The Club was exposed to certain risks in the normal course of its business operations. The main risks are those relating to the variability of future earnings and cash flows, which are managed through the use of derivatives. The only derivative instrument used by the Club is an interest rate swap.

#### **NOTE 9 – DERIVATIVE FINANCIAL INSTRUMENTS** (Continued)

On December 2, 2013, the Club entered into an interest rate swap agreement with a financial institution to reduce the impact of changes in the interest rate of their variable rate bonds. Under the terms of the interest rate swap agreement, the Club paid a fixed-interest rate of 3.58 percent of the outstanding principal of the bonds to the bank in exchange for a payment from the bank of a variable rate of LIBOR plus 2.00 percent times 65.01 percent (2.08% as of August 31, 2019). During the year ended August 31, 2019, the financial institution increased the fixed rate of the swap to 4.27% as a result of corporate tax rate decreases as a result of the Tax Cuts and Jobs Act reform.

As of August 31, 2019, the notional amount of the swap agreement was \$2,911,194. The change in fair value of the interest rate swap of \$3,003 has been recognized as a loss for the year ended August 31, 2019. The Club has recorded the fair value of the interest rate swap agreement, which resulted in a liability of \$47,692 at August 31, 2019.

### **NOTE 10 – COMMUNITY FOUNDATION ENDOWMENT**

The Club is part of an endowment program sponsored by the Community Foundation for Southeastern Michigan (an unrelated nonprofit foundation). The purpose of the Endowment Fund is to provide unrestricted operating support for the Club from the endowment earnings. Benefactors contribute funds directly to the Community Foundation, who holds, invests and administers the funds. In accordance with ASC Topic No. 958-605-25-31, *Revenue Recognition*, the endowment investments are not reflected as assets in the Club's financial statements since the Community Foundation retains variance power over such assets. Income distributions totaled \$19,061 and \$18,818 for the years ended August 31, 2019 and 2018, respectively, and are included in net investment return. The fair value of the Endowment Fund was \$448,769 and \$455,795 as of August 31, 2019 and 2018, respectively, as reported by the Community Foundation.

### **NOTE 11 - NET ASSETS**

The Board has designated the following net assets without donor restrictions:

| Net assets with donor restrictions  | \$            | 325,891 | \$   | 326,891 |  |

The reduction of long-term pledges was a result of collections on the balances.

### **NOTE 12 - RENTAL REVENUE**

### **Operating Lease**

Upon completion of its new facility in January 2013, the Club began leasing space to William Beaumont Hospital (a non-profit "Hospital") pursuant to an agreement executed on July 5, 2011 by the parties. The agreement includes an initial term of twelve years with four optional five-year renewals and requires the Hospital to reimburse the Club for its share of the facility's monthly operating expenses.

Future minimum rental lease revenue under this non-cancelable operating lease is as follows for the years subsequent to August 31, 2019:

| Year ending August 31,             |    | Amount    |  |  |
|------------------------------------|----|-----------|--|--|
| 2020                               | \$ | 318,133   |  |  |
| 2020                               | Ψ  | 324,173   |  |  |
| 2022                               |    | 330,214   |  |  |
| 2023                               |    | 336,255   |  |  |
| 2024                               |    | 342,295   |  |  |
| Subsequent to 2024                 |    | 114,770   |  |  |
| Total future minimum lease revenue | \$ | 1,765,840 |  |  |
| Total future minimum lease revenue | Ψ_ | 1,700,040 |  |  |

Total rental revenue was \$380,531 and \$370,725 for the years ended August 31, 2019 and 2018, respectively. The revenues include \$74,177 and \$72,377 in reimbursed operating expenses for the years ended August 31, 2019 and 2018, respectively.

#### **NOTE 13 – RETIREMENT PLAN**

The Club sponsors a 403(b) retirement plan (the "Plan"). Under the Plan, all full-time employees can elect to defer a portion of their compensation, and the Club may make discretionary contributions to the Plan. Contributions made to the Plan for the years ended August 31, 2019 and 2018 were \$31,800 and \$30,035, respectively.

#### **NOTE 14 - OPERATING LEASES**

The Club leases space for its Thrift Shop and for various programs under non-cancelable operating leases that expire at various dates through September 2021. In addition, the Club must pay other costs including utilities, insurance, and maintenance and repairs on certain leases. Rent expense for the years ended August 31, 2019 and 2018 was \$67,638 and \$67,577, respectively.

Minimum future rental payments under non-cancelable operating leases having initial or remaining terms in excess of one year as of August 31, 2019 for each of the next three years are:

| Year ending August 31,              |    | Amount  |  |  |
|-------------------------------------|----|---------|--|--|
| 2020                                | \$ | 69,018  |  |  |
| 2021                                |    | 39,143  |  |  |
| 2022                                |    | 3,262   |  |  |
| Total future minimum lease payments | \$ | 111,423 |  |  |
